1. A tabulation of freight traffic to and from Czechoslovakia via Rad Schandau during the period from 10 to 18 November 1950 was obtained. \*
2. The following shipping on the Elbe River was observed during the same period:

At 11:30 a.m., 12 November 1950: An eastbound tug towing three barges and flying a Czech flag. The tug and the barges were guarded by Soviet soldiers.

At 10:30 a.m., 16 November 1950; Express tug Karlice towing three closed and loaded barges proceeded westward. The tug flew the Czechoslovakian flag and was not guarded. \*\*

\* [ ] Comment. In spite of minor gaps in the time of observation freight traffic across the Czech border seems to have been covered almost completely. The volume of traffic reported is normal. [ ]

Rail passenger traffic was reported separately. [redacted] comment. The volume of shipping on the Elbe River appears to be very low. This may be due either to low water on the river or incomplete observation.
